XL Line

137cm

Expand your horizons: XL Line

Maximizing style, minimizing waste: The 137cm XL Line innovation

We've upgraded our J3 and K1 references to introduce them in a game-changing **137cm wide**.

Our XL materials are here to revolutionize kitchen and panel projects by cutting down on waste. The extra width means less material use, and smoother application, leading to **less waste** and more beauty.

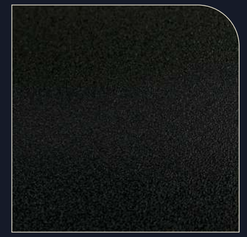

Discover the future of large-scale design with our XL Line — where bigger dimensions bring smarter, more sustainable appearance to every space.
